outside kind.
FLATHEAD VALLEY

No matter how you enjoy our local trails, do it with kindness.

be considerate.
Multi-use trails are for everyone, so respect the experience of others. Take a moment to say 'hi' to fellow users - it can make a big difference in someone's day, and that someone could be you!

be safe.
Safety first! Regardless of how you're using the trail, keep yourself and your group safe. Always carry bear spray that is easily accessible and know how to use it!

be aware.
Before you head out on a trail, familiarize yourself with its rules and proper trail etiquette. Come prepared and stay aware of your surroundings.

be inclusive.
Our trails are for everyone! Remember, everyone started as a beginner. So no matter your skill level, be welcoming and encourage new trail users.

leave no trace.
Always pack out your trash and help by picking up any you find. Stay on designated trails and never cut corners or switchbacks.
